

Texas Risk and Authorization Management Program Certification

The information below is provided as a companion to the TX-RAMP Certification.

Cloud Service Name

Black Duck Software: Black Duck Polaris

Cloud Service Provider URL

<https://www.blackduck.com>

Cloud Service Description (200 words or less)

Black Duck Polaris is a cloud-based application security testing (AST) platform that enables organizations to identify, manage, and remediate software vulnerabilities across the development lifecycle. It integrates industry-leading SAST, SCA, and DAST capabilities into a single SaaS solution, allowing developers and security teams to scan code, enforce policies, and track risk at scale. Polaris is designed for DevSecOps workflows, providing centralized visibility, automation, and analytics to support secure software delivery across large portfolios of applications.

Certification Status

Level 2

Certificate Granted

06/24/2026

Certification Expiration

06/23/2029

Certificate ID

TX1910179
